Supports 4K RAW Shooting

Supports Sequential Burst-mode Photography

Max Capacity up to 1TB

High-quality MLC NAND Flash

5-year Limited Warranty

Product Features

> Transfer Photos and Videos in a Flash

Equipped with speed up to 550 MB/s read and 450 MB/s write, HP CFA100 memory card is able to transfer HD videos / pictures / files in a flash, saving time and effort in your post-editing

> Never Miss a Shot with up to 1 TB of Storage

Choose the storage size you need so you won't miss a single important shot. CFA100 offers various capacities of 64 GB / 128 GB / 256 GB / 512 GB / 1 TB to seamlessly store HD files, 4K RAW video and HD larger images.

> 4K UHD Video Production

Step up to 4K Ultra HD photos and video-- and enjoy the ability to display every detail of your shots, output lossless HD images, and share stunning visual experiences. CFA100 supports RAW storage and JPEG formats for 4K video production.

> Built with MLC NAND Flash for More Reliable Performance

For a longer life and better performance, the HP CFast 2.0 CFA100 is made with specially selected MLC NAND Flash. Multi-level cell (MLC) NAND flash is more reliable, faster, and lasts longer than TLC (Triple-level cell).

> Burst-mode Photography to Capture Every Movement

HP CFA100 is ideal for sequential burst-mode photography, letting you capture the fleeting moments in vivid frames and more realistic films.

> Worry-free Customer Service

All HP memory products come with a 5-year limited warranty and the technical team is always ready to provide consumers with complete technical support, as well as replacement instead of repair.

HP Advantage
